

Mr David Davidson

David is a Performance Reporting Manager at the Nuclear Decommissioning Authority (NDA), holding responsibility for the NDA's Inflation Metrics Project and Mission Progress Reporting.

David has been with NDA since its formation in 2005 and previously worked in banking and then manufacturing.

David's background is in financial economics and since moving into the nuclear sector has undertaken a range of Office of Government Commerce (OGC) and Association of Project Management (APM) qualifications.

David's school governance experience is broad and wide and consists of over 15 years of both primary and secondary governance up to Chair level, covering both Local Authority schools and Multi Academy Trusts. David has also undertaken other key roles such as safeguarding and SEND governor and has guided governing bodies through transitions from single entities to becoming federations or joint governing bodies.

David was also Chair of Young Enterprise (YE) West Cumbria for 5 years and a Business Advisor for the YE Company Programme, successfully leading groups of Year 12 students through this programme for over 10 years.
